

RioTinto

## Apprenticeship Programme: 2019 Intake

Rio Tinto's four year apprenticeship programme provides an opportunity to gain on-the-job experience at our world class operations, whilst working towards a nationally recognised trade qualification in the following four areas:

- Electrician
- Heavy duty diesel mechanic (mobile equipment)
- Mechanical fitter (fixed plant)
- Light vehicle maintenance

To be considered for a position at one of our residential or fly-in, fly-out (FIFO) sites, you must:

- Be fit for work
- Be aged at least 17 years (residential) or 18 years (FIFO)
- Demonstrate mechanical aptitude and a genuine interest in your chosen trade area
- Hold a current C class manual WA driver's licence (minimum red P plates); and
- Reside locally in the Pilbara or at one of our FIFO source communities for the duration of the programme.

It is also desirable to have:

- Successfully completed a pre-apprenticeship or related certificate I or II qualification; and
- Undertaken relevant work experience.

Applications for our Mainstream Apprenticeship program will open in July 2018 and will be advertised on our careers website: [www.riotinto.com/careers](http://www.riotinto.com/careers)
