God Never Gives Up on You

God never sees anyone as a problem. Jesus makes that clear in this week’s Gospel. In fact, Jesus shows how God goes above and beyond to love people who struggle with faith.

That’s hard for humans. We can be quick to label people as problems. Or, we look at our own failures and give up on ourselves. So if you’ve ever felt that way, you’re not alone.

This Gospel offers two challenges. First, don’t write yourself off. Sin doesn’t anger God; it moves God’s compassion. So turn toward God. Pray. Go to reconciliation. Seek guidance from an adult you trust. Let God’s compassion embrace you and your faults. That compassion will help you start over.

Second, don’t write anyone else off. Each person has a talent the world needs. Ask God to help you see the potential in people who seem to struggle with sin or failure. You can be God’s encouragement to them.

That’s why God never gives up!

Have you ever felt like giving up on yourself? Why?

The Action

Pause for a moment and think about who it is in your life that needs mercy. Who needs some unconditional love from you at this moment in time?

Reach out to that person. Join them on their journey. If there was something that they did that wronged you, seek your innermost being to find some mercy for them and reach out to them in forgiveness and love.

A little more than two months remain in the Church’s Year of Mercy. Use this time to consciously become an agent for mercy and love in your communities: within your family, your school, your work, your circle of friends, the local community that surrounds you, and perhaps a community that may seem foreign or different to you. Take a chance and step out in mercy!

</table>
This week we were able to recognise a large number of students who have been working extremely hard throughout the term in their classes. It was wonderful to see so many parents also able to attend our Awards Assembly to support our hard working students. Congratulations to all students who received awards.

Our performing arts building is progressing quickly now, with the builders having reached lock up stage last week. External render is complete and painting will commence next week. Inside, the sprung dance floor has been laid and internal fit out is well underway, with tiles going down and bathroom fixture installation commencing. The building should be complete next term and we are excited to see the finished product.

Recently, the College was fortunate to host a visit from the West Australian Governor, Her Excellency Kerry Sanderson. Her Excellency met with the winners from our STEAM competition and spent time speaking with them individually about their entries and the science behind them. It was a pleasure to host the visit, and she strongly commended St Luke’s on our excellent results and the wonderful STEAM program which is developing. All of our Science Week and STEAM activities were wonderfully coordinated by Mrs Jenefer Wiltschut and her Science team – they are to be congratulated on their commitment to such events.

This week, our representative team travelled to the Associated and Catholic Colleges (ACC) Athletics carnival to compete in a number of events. As always, they were led by a group of dedicated teachers including Mrs Govender, Miss Tipa and Mr McDonald. The students competed to the very best of their ability and our team came away with several rewards for their efforts, including Junior Girls Shield. Several of our students earned individual honours in their age groups. Congratulations to all competitors!

Parents of students in Years 7 & 9 will have recently received their child’s NAPLAN report. The College NAPLAN results were pleasing this year, showing that our trajectory of improvement is continuing. Year 9 results have improved in almost all areas and our Year 7 results have given us a strong indication of where patterns are emerging so that the College can best adapt our programs. Whilst NAPLAN is only a snapshot of any child’s progress, it does provide valuable data to our College for areas in which we may need to focus. The staff will be spending time analysing these results over the upcoming weeks.
This week, we were fortunate to host a high level delegation from Woodside International and the fledgling government of Zanzibar in East Africa. Ministry of Lands, Water, Energy and Environment-Hon. Salama Aboud Talib and her delegation were joined by Woodside Executive Vice President, Mr Phil Loader from the London office, along with several local representatives. The purpose for the visit was to discuss the links between Woodside and their community partners, detail the Karratha Education Initiative partnership and tour the Pilbara Trade Training Centre, in which Woodside has been a funding partner. Madam Minister was appreciative of the time given by the College to offer her the opportunity.

Our Year 12 students have now finished their curriculum program and the ATAR students commence exams next week. Please keep them in your prayers during what can be a stressful time. The year has certainly flown by and it is always with mixed emotions that any year group finishes, we look forward to the Graduation celebrations which will occur during next term.

I am currently conducting Year 7 enrolment interviews for 2017 and our cohort looks very strong, with 3 classes confirmed. We are now very close to being full, with only a few places remaining. Further families may have to be placed on a waitlist. If you are aware of any family who has not lodged their application for enrolment, please encourage them to do so immediately, as I do not want to see families miss out on a place.

As we near the end of third term, I would like to thank all families for their ongoing support and congratulate students on their continued commitment to their learning. Students finish on Wednesday 21 September and resume school on Tuesday 11 October. Staff will be undertaking professional learning for the last two days of Term 3 and participating in a shared seminar with KSHS teachers on Monday 10 October, as part of the Karratha Education Initiative.

Alanna Otway
Principal
So here we find ourselves at the end of Term 3 - the year is flying by and very soon we’ll be saying our farewells to the Year 12 students. It is a timely reminder to our Year 11 students just how quickly the Year 12 academic year goes, and thus the need for organisation and consistency throughout the year to manage the pressures that the final year brings.

**Endeavour Awards Assembly**

Congratulations to all the students who received an Endeavour Award this week. These awards are presented to students who have made a consistent effort throughout the term or indeed students who have shown a marked improvement in application. Keep up the hard work.

**Drink Bottles/ Out of Class**

With the weather warming up, it is important for our students to drink sufficient water. Please can you remind students to bring their water bottles to school, and that they should be filled ready to go to class, rather than disrupting learning by asking to leave class.

**Year 11 Exams - Supervision Assistance**

The College requests parent assistance with the supervision of Year 11 examinations. We are looking for supervisors for the commencement of Week 3 next term (28th October to 6th November). Examinations are typically three hours in duration commencing at either 8:50am or 12:00noon. If parents are able to commit to supervising an exam or part thereof, the College would be most appreciative. No previous experience is necessary. If you are able to assist, could you please contact Jennifer Southern on 9144 1081 to discuss.

God Bless

Melanie Caddick
Deputy Principal
As I write this newsletter the Year 12 students are working hard as the mock examinations in week 9 and week 10 draw closer. Year 12 students, if on the college premises that are not doing exams during this time, are expected to wear their full school uniform and sign in at the front office. Year 12 students sitting exams are expected to wear the formal school uniform.

**Year 10 Subject Selection**

At the moment I am interviewing Year 10 students with regards to their subject selections for Year 10. Students will be issued with a letter to inform parents which subjects they have been allocated. If you have any concerns with their selections or have questions around this process, please feel free to contact me or make an appointment. It is of vital importance that students listen to teachers’ advice and choose subjects that they will be successful in. If you support your child to choose subjects they are good at, interested in and can see themselves using in the future, your child is more likely to do better with regards to their grades in Year 11 and 12. Students are therefore encouraged to select Year 11 and Year 12 subjects for the right reasons. Talk to your child and see if they can respond positively to the following questions:

**Do you like the subject? - Are you good at the subject?**

**Is the subject a pre-requisite for a career or further studies?**

**Are you prepared to satisfy the study/work requirements of the course?**

**Social Networking - Be Alert**

The 21st century has seen the advent of a totally new and innovative form of social networking amongst our students.

Gone are the days of meeting at the milk bar or going for a walk, run or bike ride to chat. The new way for our young IT natives is through texting, emailing, chat rooms and networking websites; examples of these are Youtube, Facebook, Instagram, snap chat. They are excellent ways to communicate with anyone; our students are globally connected. However, there are also negative aspects to this electronic form of communication. Parents and schools are scrambling to come up with ways to address the adverse impact, especially in terms of their capacity to be an anonymous method of bullying and harassment.

It is essential for parents at home to have a real awareness that there are undesirable people out there who anonymously trawl these sites masquerading as young teenagers.

At school these websites can be blocked, but what as parents can you do at home? Our children are so proficient with IT that there is very little chance of us knowing what they are up to, even though we may think we have a handle on it. In most cases these social networking sites are fun for children, but there are things we can do to safeguard and protect our precious children.
The following are some tips that you can talk with your child about them staying “Cyber Healthy”

- Ensure your child sets aside time for off line activities with family and friends that includes exercise and sharing conversations
- Talk to them about what they put on the net about themselves. Explain that they shouldn’t put things on there that they wouldn’t put on the fridge at home
- Explain that they should not share personal details online such as phone numbers, addresses, their school, team they are part of etc
- If they receive suggestive, bullying or harassing messages, don’t reply and share it with parents or teachers

There is also an excellent resource for all of us to cope with this phenomenon; we encourage all parents to access the following website for tips http://www.netalert.net.au/default.asp

If you have any concern regarding your son/daughter’s progress, please do not hesitate to contact his/her House Coordinator or myself.

“It’s all about T.E.A.M- Together Everyone Achieves More” Anon

God Bless

Sunniva Antonucci
Deputy Principal
Blessings All,

Here we are at the end of a busy term three. The Year 9 Retreat was held on the 25th August and the Year 11s will attend their retreat day on Tuesday 13th September.

As usual our retreat days start at 9am with mass at our local parish church, St Paul’s. If any parents would like to attend the mass please feel free to come along, it is always nice to see our students’ parents attend.

All students are busy completing assessments and studying for end of term tests. A number of Religion classes are looking at and learning about social justice issues and how it links with the Catholic beliefs and teachings.

The following prayer is one that can be prayed by us all.

**Prayer for Peace**

Almighty God, the source of all our good.
You call us from oppression and conflict
to freedom and cooperation for the good of all.
Help people everywhere to build a world of peace
ever more solidly established on the four pillars:
truth, justice, love and freedom.

*Pope John Paul II, Pacem in Terris: A Permanent Commitment, Message for World Peace Day 2003*

THE SPIRIT - Page 11
The English department celebrated Book Week with a number of fun activities over the course of the week highlighting the importance of books and reading.

Pastoral Care Groups battled it out with a Kahoot book quiz every morning, which generated quite a few book discussions and sharing of knowledge amongst the year groups. The Year 11 Drama students organised a game of Heads Up using book titles testing students’ book knowledge in a fun and interactive manner.

The staff versus student debate focused on the topic: **Parents and teachers should have access to the facebook accounts of all under 18**. Needless to say, that this topic sparked quite a bit of controversy and vehement arguing by both teams. A huge congratulations to the staff team (Mrs Kempen, Mr Parks and Mr Pedlar) who won the day by being very prepared with an overwhelming amount of facts and statistics in their favour. The student team also needs to be congratulated for their efforts under fairly difficult circumstances when one of their team members pulled out at the last minute. Benjamin Merry bravely stepped up and joined Tahlia Briggs and Marco Duvenhage to put on a very worthy effort. Thank you to Mrs Joyce Williams from the City of Karratha Community Library who was our adjudicator for the debate.

Other activities included a pop-up library by Mrs Lorraine Marshall, also from the City of Karratha Community library and visits by two guest speakers. Mrs Teena Raffa-Mulligan, a well-known WA children’s author addressed the Year 10 students about her writing and the books she has published. Mr Rick Fenny, a local veterinarian, spoke to the Year 7s of his recollection of the adventures of Red Dog supporting the details in the novel *Red Dog* that the Year 7s are currently studying.

The week culminated in the highly anticipated dress-up day on Friday. The Year 8s dressed up in their *The Outsiders* (a novel by S. E. Hinton) gang wear in preparation for a monologue task that took place a week later. The rest of the school was invited to dress up in their favourite book character. Well done and thank you to all those who participated and joined in the fun. There were a number of standout characters such as Mr Messy, Gruffalo, Aurora, Ellie from *Tomorrow When the War Began* by John Marsden and the ever popular characters of *Star Wars*. A huge thank you must go the staff too for their support and help in getting students involved and in making the week such a resounding success (the staff certainly went all out with their costumes and I believe some are already planning their costumes for next year!).

Helen Koekemoer
Head of English and the Arts
Book Week
Our Year 11 and 12 Physical Education and Health students were very lucky to have a presentation by Dean Margetts who is a National Umpire for AFL Games. He had students enthralled with his experiences as both a player and now an umpire. Dean reminisced with students the feeling of umpiring a game with 36 players on the oval and ninety three thousand excited spectators at the MCG. He spoke about the values of commitment to sport and the life skills that are gained from sport participation. Students listened attentively to the leadership skills and the confidence required to control games.

Thank you very much to Vicki Agnew from the West Australian Football Commission for organising the incursion for us. Our students left the presentation feeling very motivated and encouraged to enrol as umpires and further their leadership skills.

First Aid Kit Donations

The City of Karratha in conjunction with SDERA generously donated personal first aid kits to all Year 10 students who are doing the Keys for Life Driver Education Programme. The compact kit contains basic needs for students to use if they have an injury and to help someone in need as a first port of call.

Many thanks to the City of Karratha and SDERA for the ongoing support of the College.
ACC ATHLETICS CARNIVAL

On Sunday the 4th September an enthusiastic and excited group of 45 students from Year 7 to Year 11 arrived at the Karratha Airport to travel down to Perth for the ACC Athletics Carnival. The students were accompanied by Mrs Govender, Mr McDonald and Miss Tipa. The plane journey was eventful for the students travelling with their team mates and friends. On arrival we were transported by the “party bus “ to our accommodation at Karrinyup Waters to get a good nights rest in preparation for the Athletics Carnival.

An early breakfast was followed by a team meeting before travelling to Challenge Stadium for the Carnival. On arrival our students were amazed at the track and the facilities at Challenge Stadium. They were proud to be participating in this competitive arena with students from eight other schools within Western Australia.

Our students gave a good account of themselves, many producing personal best times, distances and measurements. The competition was very strong and all athletes had to show good sportsmanship and their prowess in the various events they participated in.

The final score kept changing throughout the day and there was very little difference in the score margins between the schools. Our relays were well executed and there were good baton changes amongst our teams.

The Junior girls took out the shield for the best overall score and we were placed third overall in the carnival.

Noteworthy placings were as follows:

Bridget Camisa          U14 Girls Champion
Charli Moore            U13 Girls Runner Up
Nicholas Greenland     U13 Boys Runner Up
Sam McDermott          U14 Boys Third Place
Jessica Knock          U15 Girls Runner Up
Paige Malek            Open Girls Third Place

Thank you very much to all the parents who travelled to Perth to support their children and students and to all extended family for their support of the College. Congratulations to all students on their excellent participation and for being good sporting ambassadors for the College.

K. GOVENDER
ACC ATHLETICS CARNIVAL

Physical Education
What a fantastic and fun packed Term 3.

It was great to welcome Ms Bev Johnson who conducted Career Advisory sessions with students from Year 10 to 12. Bev has many years of industry and teaching experience and conducted individual sessions with the students about going to university, TISC and ATAR, scholarships and financial support, work experience and volunteering. As per previous years, the feedback was very positive.

On the 31st August, Mr Ryan Ewan from CQ University Australia presented to the Year 10 to 12 students. The presentation focused on courses offered – full distance/distance, practical requirements, average cost per course/year, application and enrolment process, alternative pathways, breakout session: average graduate income (Graduate Careers Australia) and what CQU is doing in WA. Ryan confirmed he was the assigned person in Karratha to support interested students to explore the option of this university. He looks forward to offering his time and assistance and awaits to hear from interested students to make contact.

On Wednesday 31st August, Miss Teagan Brown from Epic commenced offering 15 min slots for weekly individual career advisory sessions. Teagan will be at St Luke’s College each week from 8.45am to 9.45am. Students can book a session by placing their names on the appointment sheet on my door. Teagan is offering these bookings for students from Year 7 to 12 to discuss careers support such as career tests, interview techniques, resume building, etc.

The Year 12 TAFE students are continuing to make themselves and parents proud. We are getting so close to all Year 12 students completing their certificates! Not long to go! Keep up your motivation, seize this fabulous opportunity and enjoy the proud feeling on the completion of your Certificate.

The Year 9 to 10 students selected for the Try a Trade are looking forward to this event. The particulars of the day, such as pick up, etc have been provided. The names of those successfully accepted into this program are on my door.

On Friday 2nd September, a meditation session for the Year 12 students, parent and teachers was conducted in the Gym at St Luke’s College. Macky Cassidy, a Holistic Therapist from Karratha, led this session. Those who attended the meditation were delighted with this experience, and welcome Macky’s return. Mrs Dalton will advertise should another session be scheduled.

I wish to encourage students to revisit their grade goals for each subject and to work towards achieving their goals. Please ensure students are asking questions, seeking assistance, completing homework each evening (even if it is drawing a mind map or preparing dot points of content learned each day in each class), studying each night, and using their time wisely. The subject teachers, HOLAs and I are always willing to assist.
Year 10 Careers

Congratulations to Taylor Raynes for completing the Employment Advantage endorsed program. Taylor has displayed admirable motivation and focus during his career classes. Well done Taylor!

I would like to encourage all Year 10 students to work on this program over the next coming weeks and to complete any outstanding units during the upcoming holidays. This is a very advantageous course as it contributes to one unit towards WACE. Please note this course is a compulsory component to the Careers Program and each Year 10 student is required to complete this course by the commencement of term 4.

It is great to announce that the Year 10 students taking a general pathway have commenced the process of securing work placement during the Year 11 transition at the end of the year. Should there be any companies keen to be part of this program, please make contact with me. Please be advised students taking an ATAR pathway are invited to see me with regards to organising a placement during the school holidays to work around their schedule.

Speed Careering Event

On Friday 2nd September, EPIC hosted a Speed Careering Event for 60 Year 10 students at St Luke’s College. The organisers of the event – Teagan Brown & Kath Armstrong arranged for 16 local professionals from different industries to speak to the students about their chosen vocations. The idea is based loosely on the speed dating concept and involved setting up ten tables around the gymnasium so that small groups of students could move in a clockwise direction around the room to sit at each table for a period. The groups had 5 minutes at each table and the time was used to ask questions, listen to and engage with the speakers to learn more about what it is like to work in those particular fields. A huge thank you to Epic and the volunteers who attended this event, as in the previous years, this sought after event was enjoyed by the students.

The volunteer speakers names and professions were:

- Major Peter Southern – Army – Pilbara Regiment
- Hannah Woolley – Border Force Officer
- Jeff Grasby – Border Force Officer
- Neil Newburn – Safety Advisor
- Joyce Williams – Librarian
- Constable Rosie McMinn – Police – Youth Crime Prevention
- Constable Adam Lovak – Police – Youth Crime Prevention
- Kate Glover – Ranger
- Kiahn Culbong – Trainee Ranger
- Matt Gibbons – Business Manager/Tyre Fitter
- Chris Sharman – Area Officer – Pilbara Dept. of Fire & Emergency Services
- Cameron Turner – Lieutenant – Dampier Volunteer Fire Dept.
- Archie Burrows – Electrician
- Shea Armstrong – Apprentice Electrician
- Jason Armstrong – Builder
- Chris Saucer – Paramedic
Report on In Focus Careers Counselling  
St Luke’s College  
29 August – 2 September 2016

Introduction
The Career Counselling program is an equity initiative undertaken under the Karratha Education Initiative to address disadvantages experienced by senior students as they transition from school.

The purpose of the initiative is to provide students with information, advice and skills which will reduce the stress of leaving school and guide them into their most appropriate career pathways.

Process for 2016
Through consultation between both schools and staff at Woodside arrangements were made for Bev Johnson, Principal Consultant at In Focus Careers, to fly to Karratha for two weeks.

A Career Interview Preparation booklet was produced and made available to all senior students.

St Luke’s College scheduled 15 minute interviews with each student. Bev mentioned that many of the 89 students interviewed already had a clear idea of what they wanted to do and most students had already undertaken career investigations with me. During each interview Bev Johnson and the students developed an email with links to appropriate further information and research. Students are invited to contact Bev if they need follow up support.

Outcomes
At interviews students stated they had significant satisfaction with the counselling sessions.

Parents who came to interviews were happy to hear about the high quality of education which is available in Karratha. Questions were answered about barriers Karratha students face when transitioning to university and specialist scholarships were identified for students with special needs.

Conclusion
The Karratha Education Initiative career counselling project exceeded the expectations of staff, students and families of students engaged in the process.

Further discussions are underway to determine how we can work collaboratively to prepare Karratha students to thrive in the emerging world. We are aiming to engage change-makers in government and academia, and in the private and not for profit sectors to support and empower students as they develop skills to design new approaches that address the problems they face today and into the future.

Thank you to the teachers, parents and students for their ongoing support. God Bless.

Best Regards
Mrs Johann Dalton
A message from the Finance Department:

Reminder: Year 12 Fees
This is a reminder to families that all Year 12 fees must be paid by the end of Term 3. Could those families who have yet to organise payment please contact the College urgently to make arrangements.

Tuition Fees Payment
If you are experiencing difficulties in paying your fees, please be assured, there is always a solution. Please contact the College to make a private and confidential appointment with the Principal to discuss what arrangements might be put in place to assist you in moving forward with your account, whilst still ensuring that your child remains part of our St Luke’s community.

Thank you!

Permission for Use if Image on College Facebook Page
In order for us to be able to use the photos taken of students at various College events on our Facebook page, can parents that have not done so already, please complete the permission form included at the end of the newsletter and return it to the front office.
SCHOOL ACCIDENT INSURANCE

To learn more about the School Care Accident Insurance, please go to the St. Luke’s College website. Information can be found under the heading 'Enrolment'.

BUSES

A reminder to all students and parents that the afternoon buses start leaving the school at 3.05pm and the last bus is gone by 3.15pm. Students catching buses need to make their way as quickly as possible to the bus area at the 3.00pm bell in order to avoid missing their bus.

FROM THE FRONT OFFICE

Parents/Guardians; please ensure if any of your contact details have changed including your home phone/ work phone/mobile/email/home address, that you contact the office to update your details in our database. If we don’t have your correct contact information we can’t contact you. This is especially important in the instance of your child’s ill health, but can also be frustrating for your child if they need to speak to you during school hours and are unable to contact you.

The Ministerial Advisory Council on Disability is visiting Karratha and Roebourne next week in order to seek feedback from the community about what they want from the National Disability Insurance Scheme in WA.

Public forums will be held in Karratha and Roebourne on September 12th and 13th to hear feedback from the local community about how the National Disability Insurance Scheme (NDIS) should operate for West Australians.

The forum is part of a state-wide community engagement process being run by the Ministerial Advisory Council on Disability (MACD), on behalf of Disability Services Minister Donna Faragher.

The Roebourne forum will be held 1-3pm, September 12th, at the Mawarnkarra Health Service Aboriginal Corporation, 20 Sholl Street, Roebourne.

Karratha forums will be held 4-6.15pm, September 12th, at Lotteries House, 7 Morse Court, Karratha, and 12–2.15pm, September 13th, at the Karratha Leisureplex, Dampier Highway, Stove Hill.

People can also provide feedback by phone, email, online surveys or written submissions – for more information visit www.macd.wa.gov.au.

ST LUKE’S COLLEGE

PERMISSION FOR USE OF IMAGE ON COLLEGE FACEBOOK PAGE

Dear Parent

With the new Australian Privacy principles (2014), St Luke’s College is working hard to ensure that our college meets best practice in regards to use of our students’ images in media and communication. All families sign a form at enrolment of Use of Images for College communications; however, with the commencement of our College Facebook page as a central and popular form of communication, it is essential that we have clear permission from all families for use of images on this site.

Student images will always reflect the College values and may be posted on college Facebook page for:
1. College events including but not limited to St Luke’s College Mass and Retreats
2. Academic competitions
3. College events including but not limited to college Productions and Performances
4. Leadership activities
5. Sporting events and Camps
6. Student achievements

In most cases, student images will be part of a group and no identifying information will be included. In images of only one student (such as achievements), the student will be informed that it will be on the College Facebook page and will be given the opportunity to decline. For individual images, the College will use the student’s first name and year group only, with the exception being when sharing a post from external media where the student’s full name may have been used.

We would appreciate if all families could complete the following permission and return it to the College office.

PARENTAL PERMISSION FORM
TO ALLOW USE OF STUDENT’S PHOTO
ON ST LUKE’S FACEBOOK PAGE

I ______________________________________________________________  Parent/Guardian of

Student 1: ____________________________________________________ Year__________

Student 2: ____________________________________________________ Year__________

Student 3: ____________________________________________________ Year__________

Student 4: ____________________________________________________ Year__________

DO / DO NOT (please circle) hereby give permission for the use of my son’s / daughter’s photo/video image on St Luke’s Facebook page

Parent Signature: ____________________________________________
