

## DRONE CLUB

“TEST DRIVE” OUR DRONES  
IN SCHOOLS PROGRAM BY  
STARTING A DRONE CLUB!

### DRONE CLUB

- ✓ 1-2 hours per week
- ✓ Can be run as a STEM class (basic drone history, safety, aerodynamics, aeronautics, flight mechanics, weather etc)
- ✓ Lesson plans included!
- ✓ Links to extra drones in education information (coding with Scratch and Tynker, how to build a drone etc)
- ✓ VIP invites to our inter-school drone racing and drone dance off competitions
- ✓ Discounts to our school holiday workshops

### REMOTE PILOTS LICENCE (REPL)

- ✓ 1-2 hours per week
- ✓ 10 online modules
- ✓ 2 days practical assessment

### CERTIFICATE III AVIATION

(OPTIONAL AFTER GAINING REMOTE PILOT LICENCE)

- ✓ Only 2 days extra training

### PRICES START FROM \$750 PER STUDENT

(MINIMUM 10 STUDENTS)

There is also the option of face to face training by having one of our trainers come to the school for 1 day per week over 9 weeks (18 weeks would incur additional cost)

We are also happy to assist with information on our courses and the industry in form of a meeting with heads of department, presentation at parent / teacher nights and career expos.

Give your students a head start in this fast moving multi billion dollar industry! Give us a call and we can discuss how to tailor a program to fit your schools / students needs.

Don't just take our word, here's a recommendation from Stella Jinman, Principal of Cecil Andrews College, Seville Grove WA

*"I highly recommend Mahmood Hussein and Global Drone Solutions who has partnered with us at Cecil Andrews College in drone technology. I have found Mahmood to be knowledgeable, ethical and very professional. We now have six staff who have received first class training in attaining their CASA approved drone licences and students also training to be pilots. A previous student with high functioning autism was successful in obtaining his Remote Pilot's Licence.*

*Mahmood's dedication and passion are tremendous and he has supported us in developing quality drone programs and also offers Cert III in Aviation. He has a wonderful manner in supporting us in our 21st Century educational pursuits and is strengthening education pathways with industry so that we will prepare our students for a changing world." - Stella Jinman, Principal - Cecil Andrews College*
